

Email from Don Lossing, NNNA Decorative Street Sign Project Chairman, dated March 6, 2010

In today's (Saturday) mail I received the Neighborhood Associations anticipated sign invoice from the City. We were expecting it later in the month but now we have the exact cost of the signs and can now start communicating with the neighborhood to finish collecting the money needed for the signs. This invoice is for signs that will be installed this summer. The City wants our payment and sign locations as soon as possible. They want our logo by April 1st.

Our invoice for 48 signs is \$17,928.00 or \$373.50 per sign. As many of you are aware the Neighborhood Association has \$6444.00 in the bank, sufficient for 17 signs. The City will work with us as to the total number of signs we take at this time.

The following indicates sign location preference of those Individuals or small groups who in good faith contributed the \$212.50 or more that we targeted per sign in late 2007. This \$212.50 was the amount the City gave us to work with at that time:

Charstone/Ashtone..... in the yard of 7629 Charstone  
Cordova Rd/Charstone....in the yard of 1419 Cordova Road  
Mardite Cove/Cordova Rd..... in the yard of 7676 Mardite Cove

Apple Valley Rd./Panoha Dr.....in yard of 1654 Panoha  
Apple Valley Rd./Apple Valley Cove.....in yard of 1644 Apple Valley Cove  
Neshoba Cove/Neshoba Rd.....in yard of 1725 Neshoba Cove  
Wheatley Drive/Wheatstone Cove.....in yard of 1525 Wheatstone Cove  
Old Mill Rd./Apple Valley Rd.....in yard of 1618 Old Mill Rd.  
Miller Farms Rd./Wheatley Drive.....in yard of 1504 Miller Farms Rd.....this is preliminary  
Cordova Rd./Apple Valley Rd.....in yard of 7640 Apple Valley Rd.  
Mill Run/Stonegate Pass.....in yard of 7472 Mill Run  
Miller Farms Rd./Mill Run.....in yard of 1695 Miller Farms Rd.

This can be discussed if someone has a question.

This is 17 signs for which we have received the money. Conversations with most of the individuals who were contributors to those 17 subscribed signs indicate a willingness to contribute more money in order to fund their signs since the price has gone up and the cost is actually \$373.50. Some say they will spring for an entire sign. This writer will be pushing for the next two weeks to bring in further funds. The neighborhood needs as many signs as it can purchase. Who knows the builders doing the homes on the South end and can invite them to contribute? We will be trying to reach as many people as quickly as possible.

Also most people want a simple sign logo such as an oak leaf.

This information can and should be shared with the neighborhood. The Neshoba North Neighborhood Association Executive Committee will meet next Tuesday the 9th @ 6:00 PM. and is an open meeting.
